Our Campaigns

Mobility for all: Anyone who becomes disabled after the age of 65 cannot claim Disability Living Allowance. We believe age discrimination is unacceptable and work with other charities to campaign against unfair benefits.

Baywatch Campaign: We want to stop abuse of disabled parking bays. Working with the British Polio Fellowship and Disability Now magazine, we have put pressure on supermarkets to start fining people who abuse our disabled parking spaces.

Access to Towns & Cities: Fed up with pedestrianisation, road pricing and congestion charges? Inaccessible public transport leaves us with no choice but to use our cars. Help us fight discrimination and campaign for proper disabled parking provision and exemption to charges.

Improvements to the Blue Badge Scheme: We constantly seek to ensure the Blue Badge scheme is fair and abuse is stamped out.

Refuelling at Petrol Stations: Automated petrol stations can prevent disabled drivers from refuelling. We work with the UKPIA (UK Petroleum Industries Association) to find solutions to these problems and give our members a voice.

Parking: From the lack of parking at healthcare facilities to parking equipment that is difficult or impossible for disabled drivers to use - we put your point of view to Councils and Companies. We are working with the British Parking Association and DPTAC to resolve issues that affect our members.
